# TTG Top 50 Travel Agencies 2021: Business Travel Agency assessment form

Congratulations on being shortlisted as one of the UK's top five business travel agencies! We know the last 12 months have been like nothing the travel industry has ever seen. We have created a new TTG Top 50 assessment form that asks different questions, and will help you tell the story of how you and your team have survived and adapted, and provided the very best care to your client, under such difficult circumstances. This will be key to TTG using the Top 50 programme to demonstrate to consumers exactly why they should book with a travel professional in future. Please read these new questions carefully, complete the form (bulletpoints is fine) and send the form back to your journalist judge in advance of your Zoom call, for further discussion.

# tto

# **Background info:**

Tell us a little bit about your agency, how long you've been operation, the size of your team, etc?:

Tell us a bit about the clients and sectors you work in:

Please list the names and job titles of any of your team taking part in the interview:

### 1. How your team has coped – worth up to 5 marks

Tell us how you and your team have coped with the extraordinary challenges thrown at the industry this year. Please don't be concerned about having had to lose staff and reduce hours and so on. Everyone's in the same boat! You might consider telling us:

- What changes were you forced to make to your team last year and since?
- How did your team operate during the height of the crisis and since? How did you adapt working practises?
- How did you continue to offer support to your team members?
- How did your team pull together?
- How big an impact did it have on your team's mental health and how did you try to safeguard their mental health?
- How did you make sure the team was/is up-to-date with updates on restrictions and rules relating to travel during the crisis?

# 2. How you looked after your clients - worth up to 10 marks

Travel agents have demonstrated their value like never before during the Covid crisis. Tell us what exactly you had to do for your customers, and how you and your team strived to go above and beyond. You might consider:

- What was the scale of the administration you had to undertake to bring clients home, seek refunds, make cancellations etc?
- Any particular client stories/cases that stand out, such as a client who's return home was a huge challenge? Any ways in which you had to go above and beyond for your clients?
- What level of reassurance and communication was required with customers who travelled during the crisis or were looking to book for future travel?
- Did you introduce new tools to help businesses keep their employees safe and ensure their travel complies with Covid guidelines and restrictions?
- What sort of feedback and appreciation did you get from clients? Share testimonials/reviews if you can.

# 3. About your previous business performance, and your marketing plans - worth up to 5 marks

We'll want to hear how business started off in 2020 and how you have continued to keep in touch with your clients during these challenging times.

- How was business faring in Q1 2020 (Jan-Mar) before the pandemic hit? Can you give us any figures and comparison with 2019? What plans and aspirations did you have for the year ahead?
- What approach did you take with marketing and comms during the height of the crisis and since, including social media channels, your email newsletters, blogs, website, any virtual events for clients etc?
- How have you been talking about the value of booking with a travel agent/TMC?
- Have you gained any new accounts as a result of bad customer experiences with other providers or businesses needing more specialist assistance during the pandemic?
- How has business been faring more recently? Any positives you can share?

### Optional section: Final thoughts...

Is there anything else you want to tell us about your experience of the past year? This section is optional! But you might consider:

- Any ways you or your team helped out in the local community, volunteering etc?
- Anything you/your team has learnt as a result of the crisis, and ways in which you might come back stronger?
- Any other tales of flying in the face of adversity in the last 12 months?
